whether it is 9005gft or 1400 sgft the building width closes not change, it's length changes to accommodate the easy accessibility that is important. The width of the building faces the Street and has the Same decor as the main house, the added length is in the rear, this was done to accommodate the elevator and extra bedroom.

There is 100% acceptance from all neighbors that live in the area, we have included those for the support of the carriage house. We are locking for support of the Appeal board to allow the Size of the carriage house to be built.

## Submitting an Appeal - Subdivision Authority Decisions

Appeals of decisions on subdivision applications are covered by sections 678 to 682 of the Municipal Government Act.

A decision on an application for subdivision may be appealed by the applicant, by a Government department (if that department is required to be circulated on the application) or by the School Authority (with respect to matters related to municipal reserve or school reserve lands).

Appeals must be made by filing a notice of appeal within **14 days** of receipt of the decision with either the local Subdivision and Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears subdivision appeals where there is a provincial interest. Otherwise, the appeals are heard by the local SDAB.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- within Alberta's "Green Area"
- 'adjacent' to or contains a body of water
  - adjacent means contiguous or would be contiguous if not for a railway, road, utility right of way or reserve land
- adjacent to or contains (either partially or wholly) land identified on the Listing of Historic Resources or public land set aside for use as historic resource
- the subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities
- the subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas
- within the following distances:
  - 1600 metres of a provincial highway
  - o 450 metres of a hazardous waste management facility
  - o 450 metres of the working area of an operating landfill
  - 300 metres of the disposal area of any landfill
  - o 300 metres of a wastewater treatment plant
  - o 300 metres of the working area of a non-hazardous waste storage site

Some of the distances may be varied in writing by a provincial government department, in which case the SDAB will hear the appeal.

### Submitting an Appeal - Development Authority Decisions

Appeal of development authority decisions are covered by Sections 684 to 687 of the Municipal Government Act.

A decision on an application for development may be appealed by the person applying for the permit or by any person affected by an order, decision or development permit made or issued by a development authority.

An order issued under a decision of Enforcement Services, being a Stop Order or Compliance Order, may be appealed by the person affected by the order.

Appeals must be made by filing a notice of appeal within 21 Days after the date on which the written decision is given with either the local Development Appeal Board or the Land and Property Rights Tribunal. Which board is the appropriate board to hear the appeal will depend on certain factors with respect to the land involved. The Land and Property Rights Tribunal hears development appeals where there is a provincial interest. Otherwise, the appeals are heard by the local Subdivision and Development Appeal Board.

Notice of appeal should be filed with the Land and Property Rights Tribunal when the subject property is:

- The subject of a license, permit, approval or other authorization granted by the Natural Resources Conservation Board, Energy Resources Conservation Board, Alberta Energy Regulator, Alberta Energy and Utilities Board or Alberta Utilities Commission
- The subject of a license, permit, approval or other authorization granted by the Minister of Environment and Protected Areas

This is Tyler and Cassie from the Grey House about an upcoming project. We are looking to add a carriage house on the north side of our property for my (Cassie's) parents to live in. Our property is about 35 square feet short of 2 acres meaning we have to apply to the County for a project variance.

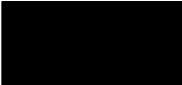

We want to do our due diligence and talk to everyone in our cul de sac first so nothing comes as a surprise when you see the notice posted. We are using Frontier Homes, the same builder as for home. The carriage house will be in a complimentary style to our current house and less than 1400 square feet of living space for the snowbirds. If approval is received this project is planned to start in July and be wrapped up late fall.

As proof that we've talked to all our neighbors we would like to present this letter signed and dated with our application to the County.

If we weren't able to chat with you in person and you have no concerns about our project it would be most helpful if you were able to sign and date this letter by your address to expedite our approval. Feel free to drop it off at our house or call/text Cassie to pick it up. Please if you have any questions or concerns, reach out to us as well.
