Location Map:

INTENT OF THE DEVELOPMENT PERMIT APPLICATION:

An application for Development Permit has been submitted to allow for the operation of a full service water and septic systems service provider, operating under the criteria of a Home Based Business, Type III.

The application identifies:

- Two existing Accessory Buildings will remain and one new +/- 2,400 sq. ft. Accessory Building is to be constructed. These buildings will be used for the storage of business related materials and vehicles.
  - Hours of operations are identified as: 8 am to 4 pm; Monday to Friday
- A maximum of 6 non-resident employees may be on the property at any given time
- A maximum of 10 business visits may occur per day
- Deliveries to the site are not anticipated
- Large equipment (ie: excavator) normally remains off site however in the case that large a large commercial vehicle returns to the property, it will be stored within a visually screened (commercial screening system) parking area

Additionally, it is requested that one 40 ft. storage container be located on the property temporarily, to serve as storage during construction of the proposed new Accessory Building.

Home Based Business, Type III is a Discretionary Use under the Country Residential Land Use District; therefore, decisions on applications for Development Permit for this use are to the discretion of the Development Officer, and subject to a 21-day appeal period.

The application for a Development Permit in accordance with the provisions of Land Use Bylaw 60/2014 of Foothills County in respect of Home Based Business, Type III, on the subject parcel being a portion of NE 22-21-29 W4M; Plan 1013059, Block 2, Lot 5 has been considered by the Development Officer and is **APPROVED** subject to the following.

APPROVAL DESCRIPTION:

Upon completion of the below pre-release condition, this approval allows for the development and use of Ptn. NE 22-21-29 W4M; Plan 1013059, Block 2, Lot 5 for:

- a. Construction of one +/- 2,400 sq. ft. accessory building to be located in accordance with the site plan provided with this application for development permit;

- b. A water and septic systems services business operating under the criteria for a Home Based Business, Type III; in accordance with the submitted and accepted Development Permit application and the conditions included herein;
  - Hours of Operation: 8 am to 4 pm; Monday to Friday
- c. Maximum of 6 non-resident employees may attend the property in relation to the business
- d. Maximum of 10 business visits may occur per day
- e. A fenced (visually screened with commercial screening system) outdoor parking area will be used to obscure large vehicles
- f. One 40 ft. storage container, having an area of +/- 320 sq. ft., to be located 30m from the centreline of 48<sup>th</sup> Street East at it's nearest point, for the purpose of storing business materials and equipment on a temporary basis, during construction of the new Accessory Building on the property

#### **PRE-RELEASE CONDITION(S):**

*Pre-release condition(s) must be complied with before the Development Permit will be signed and issued. Failure to complete the pre-release condition(s) on or before **April 1, 2024** will see this development permit decision deemed null and void, unless a time extension is issued under agreement between the Development Authority and the Applicant(s).*

1. The applicant is required to submit a refundable security deposit in the amount of \$2,500 to ensure removal of the storage container from the property, no later than 60 days following completion of the new Accessory Building.

#### **CONDITIONS OF APPROVAL:**

*The following requirements must be completed within twenty-four (24) months from the date the Development Permit is signed and issued unless a time extension is approved under agreement between the Development Authority and the Applicant(s). Failure to complete the conditions of approval will see the Development Permit be deemed null and void.*

1. The development shall be executed in accordance with all conditions of approval and plans that have been acknowledged by the municipality to be appropriate;
2. All necessary building and safety code permits and inspections for the development are to be obtained from the County, this includes any required certification for the storage container, to the satisfaction of the County's Safety Codes Officer;
3. It is the applicant's responsibility to contact the County's Fire Inspector and obtain all necessary approvals and inspections from the Foothills Fire Department. Proof of such is to be submitted to the File Manager, prior to occupancy. Requirements to be met include, but are not limited to: National Fire Code 2019 Div. B Sec. 2.1.5 and NFPA 10 compliant fire extinguisher(s) to be installed; a Fire Safety Plan is to be posted; and doors and means of egress are to meet the National Fire Code 2019 Div. B Sec 2.7.1;
4. Visual screening of the parking area is to be installed as per the submitted plan;
5. **Screening for that area adjacent to the storage container shall be in place concurrently with locating the unit on the property.** This storage container is to be wholly removed from the property within 60 days of completion of the new Accessory Building;
6. The applicant is to obtain and properly post an independent County address for the business. Please contact the County's GIS Department to be assigned a new address and to obtain information regarding address signage and any potential changes to the current address for the property;
7. An Emergency Response Plan shall be submitted for review and acceptance by the County's Emergency Management department;
8. The applicant shall provide written notification to the Development Authority upon completion of the development, as approved herein.

#### **ADVISORY REQUIREMENTS:**

*The following requirements are provided by Foothills County to inform the applicant(s) and landowner(s) of their necessity. It is the responsibility and liability of the applicant(s) and landowner(s) to ensure adherence with these requirements for the life of the development.*

1. The applicant shall maintain the development in accordance with all conditions of approval and plans that have been acknowledged by the municipality to be appropriate. **Any revisions and/or additions to the use of this land shall not proceed unless appropriate approvals and permits have been obtained;**
2. Development is to comply with the following criteria:
  - a. One or more residents of the parcel must be the primary owner of the business;
  - b. Limitations to the number of business visits to the subject property on any given day are identified under this approval, this includes any clients and business-related courier and/or deliveries;
  - c. A maximum of six (6) non-resident employees are permitted to work on site at any given time;
  - d. Business related goods and materials are to be stored within the Accessory Buildings on the parcel. Any large commercial vehicles, trailers, and/or equipment related to the business that are parked outdoors are to be located within the screened parking area;
  - e. The business shall not generate noise, smoke, odor, dust, fumes, exhaust, vibration, heat, glare, refuse matter, or other nuisances;
  - f. A minimum of one parking stall per non-resident employee attending the property is to be provided;
3. One sign, no larger than 0.55 sq. m. (5.93 sq. ft.) in area is permitted. This sign may be placed at the entry of the property, provided it is solely on the landowner's property and not in the road right of way;
4. The storage container is permitted to be temporarily located 30.5m from the east property line at it's nearest point. All other development is to be located in compliance with the setback requirements under the Country Residential District;
5. Development is to comply with the requirements of the Alberta Building, Plumbing, Electrical, and Fire Codes at all times;

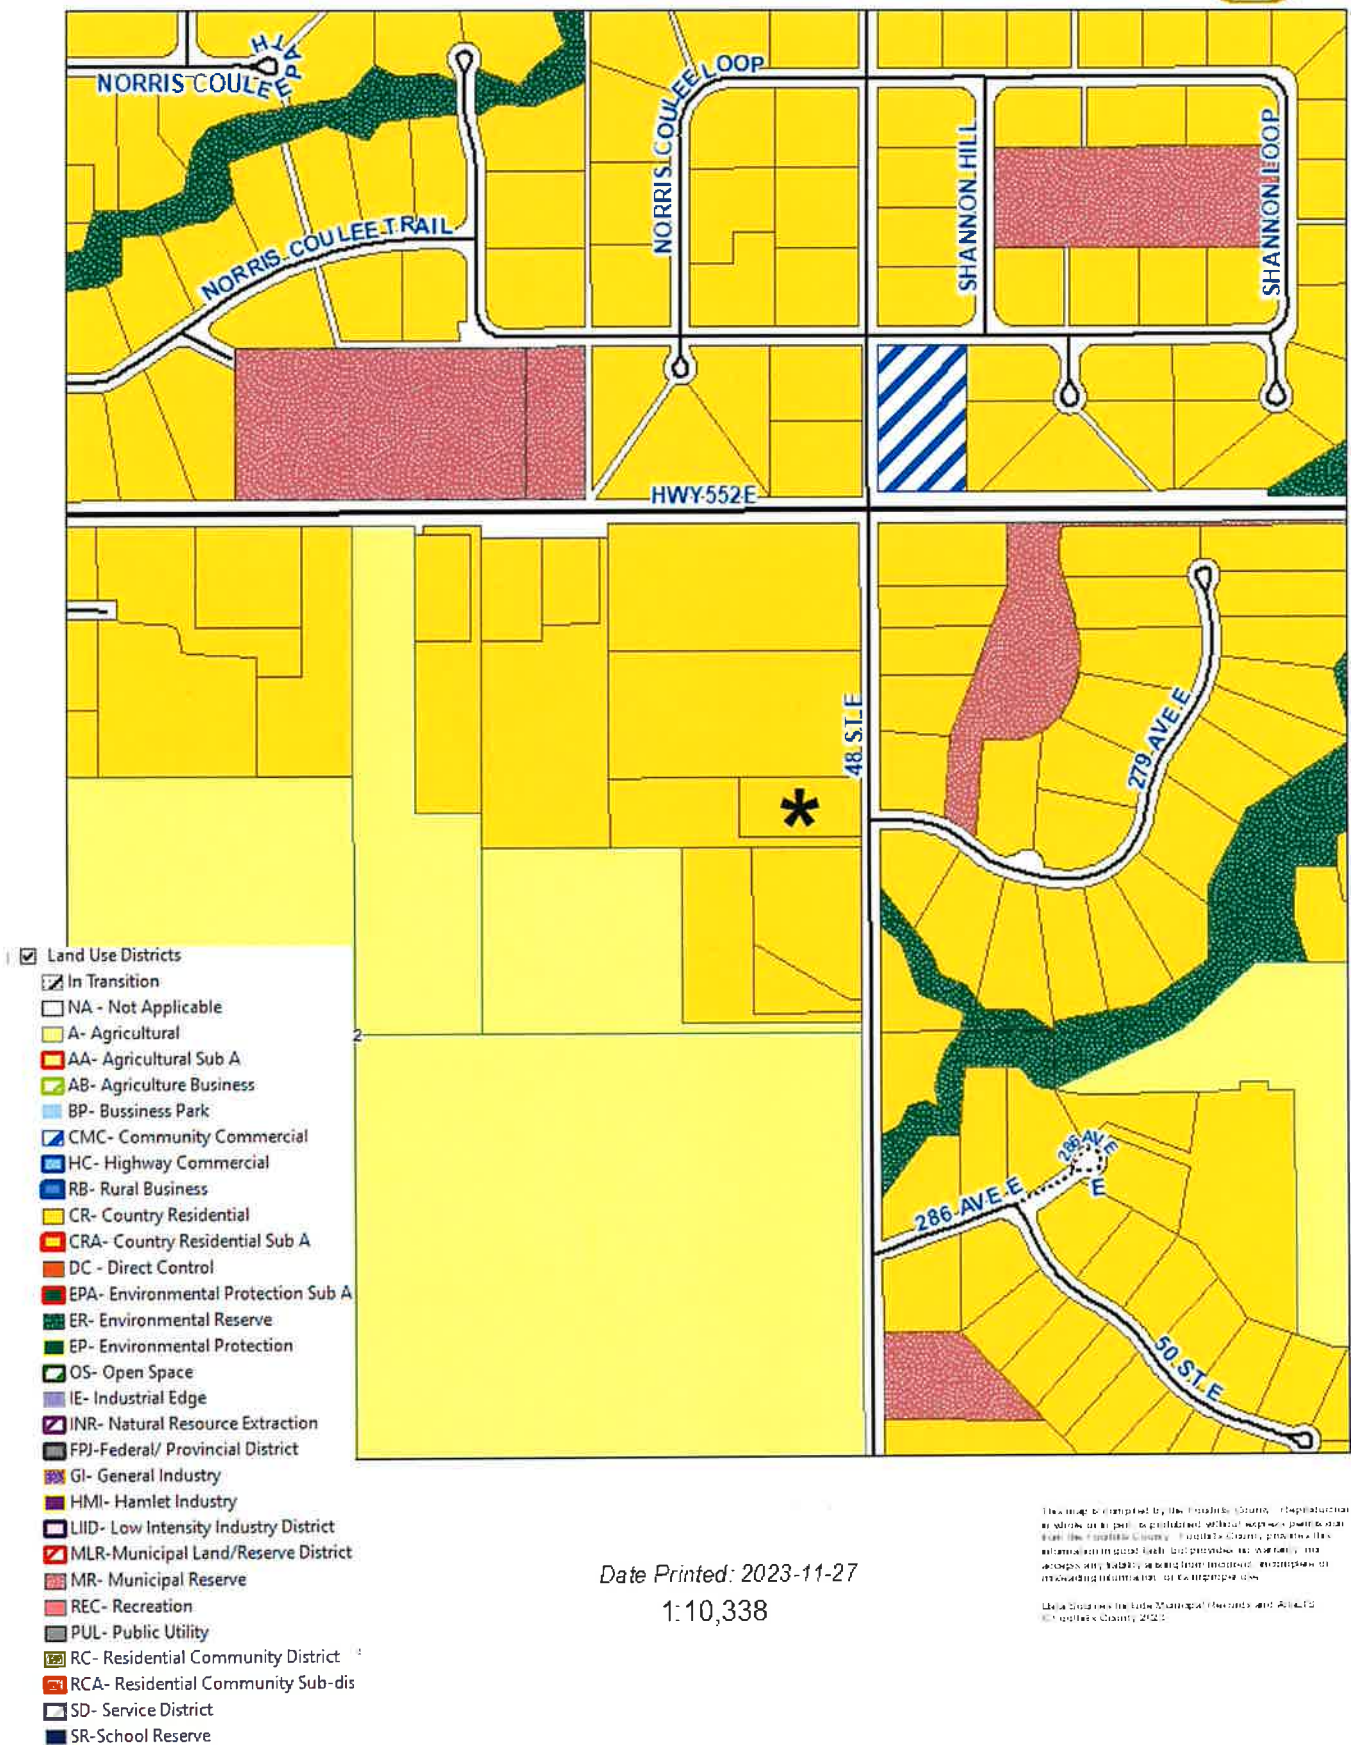

6. The applicant is responsible to maintain an annual business license;
7. All on site business operations shall be wholly contained within the boundaries of the legally titled lot.  
Internal access roads for business related traffic, sufficient parking, and turnaround space shall be provided within the boundaries of the titled parcel. All laneways and loading areas must be kept free of all debris, materials and/or equipment, and it is the landowner's responsibility to ensure that access for fire department apparatus is provided for at all times;
8. Containers for garbage and recycling materials that are located outdoors shall be weatherproof and animal-proof and must be visibly screened from adjacent lands.  
Waste materials shall be disposed of at an approved waste disposal site.  
Secondary containment for fluids shall be implemented wherever appropriate;
9. No topsoil shall be removed from the subject property and natural drainage of the property must be maintained. Alterations to natural drainage may proceed only under the authorization of an issued Development Permit for Lot Grading. All development is to observe the existing Overland Drainage Right of Way and Environmental Reserve Easement that exist on these lands;
10. Screening shall be maintained and must at all times be safe, functional and in a good state of repair. The lot shall have a neat and orderly appearance and be free of weeds;
11. Any new installation(s) of exterior lighting must adhere to the guidelines and technical specifications as outlined within the Dark Sky Bylaw;
12. The issuance of a development permit by the County does not relieve the landowners of the responsibility of complying with all other relevant County bylaws and requirements, nor excuse violation of any provincial or federal regulation or act which may affect use of the land.  
This includes, but is not limited to compliance with the requirements of Alberta Environment and Parks respecting any use of well water for business uses;
13. The applicants shall be responsible for payment of any professional costs including legal fees that may be incurred by the County with respect to the implementation of this permit.

#### NOTES:

1. **This is not a Building Permit.** Construction practices and standards of construction of any building or any structure authorized by the Development Permit, once signed and issued, must be in accordance with the Building and Safety Codes Permits. An application must be made for all required Building and/or Safety Codes Permits.
2. **This is not a Development Permit.** The Development Permit may be signed and issued upon completion of the 21-day appeal period; should no appeals be received, and completion of all Pre-Release Conditions (if any). Development can not proceed until this permit has been signed and issued.
3. Notification of this Development Permit Decision will be advertised in two issues of the Western Wheel and circulated to area landowners (according to County Records at this time) within the subject quarter-section and for one-half mile surrounding the subject parcel. Development Permit Notices can also be viewed on our website, [www.foothillscountyab.ca](http://www.foothillscountyab.ca).
4. This Development Permit Decision is subject to a 21-day appeal period. Pursuant to Section 685(2) of the Municipal Government Act, a person affected by this decision has a right of appeal.
5. The Development Permit, once signed and issued, shall thereafter be null and void if the development or use is abandoned for a period of six months.
6. The conditions of this Development Permit Decision must be met and adhered to at all times. Fines and/or Enforcement action may occur if operating outside of the Development Permit Decision.

**PART 2 PROPOSED DEVELOPMENT**

I/We hereby make application in accordance with the plans and supporting information submitted herewith. (which forms part of this application). Please give a brief description of the proposed development, including name of development where applicable.

We are seeking to upgrade our business from home designation. It is currently Minor Home Occupation. We would like to upgrade to Home Based Business Type III. We are proposing to have a 2400 sq foot shop built asap to store materials and vehicles. So that no workplace items are visible from the roads nor adjacent lands. In summary, our employees come to this parcel (where I, Troy live) and then they take company vehicles and work on water and septic systems at acreages and farms in the Foothills. At the end of the day, they return to the parcel and take their own vehicles back home. No manufacturing nor retail/customer visits occur here. It is used as a base and for storage of supplies and equipment. All of which would be stored in the new shop, and as well behind fenced-in areas.

## **Titan Water Systems Plan / Proposal**

1. **A site plan (can be hand drawn) showing:** a. the entire parcel;  
b. north at the top of the page;  
c. identify and show all existing structures and any proposed buildings with measurements from the same, in feet or metres, to all parcel lines;  
d. show all existing wells, septic tanks, disposal fields, dugouts on the parcel and storage areas. Please see attached.
2. **Full detailed description of the business.** Water and septic systems service company. We install, service, inspect and maintain water well and septic systems for acreages and farms in the foothills. Minimal work takes place at the dwelling parcel. It is used as a base. Employees clock in at 8 am and out 4 pm. No work takes place onsite (other than loading up trucks), and no activity after 4 pm weekdays, no activity on weekends.
3. **Please indicate if the business is primarily run from the parcel or off site.** The Parcel is used as headquarters, all work occurs off site at private residences. The employees come to the parcel, then take company service trucks out for the day to work, then return (approx 4 pm) and go home in their own vehicles. Materials would be stored at the parcel in the proposed shop.
4. **What buildings will be used on the parcel for this business, include storage areas.** Proposed 2400 (40' x 60') square foot shop for all goods, work materials, hose, wire etc used for installations and servicing. Plans are attached. And existing warm storage building 500 square feet in size. Also there is an old granary building for storing pipe and fuel, this is 150 square feet.
5. **Are there any buildings proposed and if so, for what purposes will they be used for? Please also include the building size and why it is necessary.** Yes, a 2400 square ft heated Integrity shop building. This is for storing equipment,

pumps, pressure tanks etc. Also for vehicle parking (cube trucks).

6. **Number of people to be employed.** 6.
7. **If producing a product or goods, please indicate the method of distribution or sales.** None.
8. **Provisions for loading and parking.** Employee vehicles (6) are to be parked neatly in designated area. 3 cube service trucks are loaded (inside the shop) in the morning and then out for the day working, then parked inside the shop overnight. 3 pickup trucks will be parked outside of the shop, behind a fence, concealed from view.
9. **Vehicle generation, break down between employees and customers on a daily basis, also please list the types of vehicles to be expected.** The employees would drive into the yard once per day (at the start of work). Then they would go out in service trucks for the day (2 employees per vehicle), returning at the end of the day. Then driving their personal vehicles home. No customers come to the parcel. The excavation equipment will either be on location at properties or else behind fencing/inside the shop while at the parcel.
10. **Will there be deliveries to the site? If so, how many and how often?** No.
11. **Hours and days of operation.** 8am - 4pm. My cell phone is on any clients can call at any time, I am basically on call to take phone calls. But we don't work outside of normal business hours. I may speak with clients that call, having a water/septic emergency but can stabilize things over the phone and then fix their issues the next business day. There are no instances of staff coming in after hours and going to work, starting trucks etc.

12. **Amount of water required for this business.** Avg 50 gal / day.
13. **Garbage and storage areas and the fencing and screening proposed for same, and methods for disposing of garbage.**  
Onsite 6 yard bin (Containaway contract, which is now T and T).  
This bin will be concealed behind fencing.
14. **Methods of controlling noise, dust, or drainage from the lot.**  
There wouldn't be dust, noise generated by this company. Care would be taken to ensure that vehicles are slow moving (for safety also), and not generating dust. And as no actual work (beyond loading and prepping vehicles) occurs onsite, there is no/very little noise generated.
15. **Descriptions of any noxious, toxic, radioactive, flammable, or explosive materials proposed (i.e., gas, oil, paint, etc.). Please also include how it is being stored and how much is being stored and why it is necessary to have in relation to this business.** There would not be any noxious, toxic, radioactive materials stored on the parcel, other than fuel. This would be stored in a separate small shed. This is required for the vehicles and excavation equipment.
16. **Will there be any lot grading done on site to accommodate this business?** No. Only pad prep for the proposed shop.
17. **If this parcel is not owned by the applicant, then they must receive written consent from the landowner to file an application.** It is owned by the applicant.

Hi Troy,

I have been assigned as file manager for your development permit application for a type III home-based business.

In order for me to consider the application as complete, please respond to the following:

1. The fees for an application total \$500.00. The credit card authorization submitted shows \$100.00. I have attached a new Credit Card Authorization form that can be submitted with the revised payment amount.
  2. To clear up some confusion respecting the application form, please confirm that the property is located in the NE quarter of 22-21-29 W4M and that you are the owner (Peter T. Niemans). **Yes, this is correct.**
- 
1. What days do operations occur? Do any business activities occur outside of the 8am-4pm hours of operation?  
**Mon-Fri, no business activities outside of 8am-4pm.**
  1. Please provide a picture/example of the screening fence that is proposed to be used to screen parking areas and garbage/recycling bins. **Please see attachment.**
  2. Identify the proposed location of garbage/recycling bins on the site plan. **To be located just off of the screened ne area of the parking area.**
  3. What type and volume of fuel is to be stored on the property? Show the location of the shed and provide details respecting it's size. **1 tank, that is split between 1500 litres of gas and 2500 litres of diesel. To be**

located within a small protective cover/shed on the south side of the shop, right against the south exterior shop wall. Please see photo in the attachment.

4. It appears that there may be additional buildings (sheds) on the property. It is necessary to identify the location of these buildings on the site plan and note their size. **The old granary is just south of the se corner of the proposed shop. It will be removed.** *as soon as dp is approved/bp applied for*
5. The application identifies 6 employees. Are any of these noted employees resident to the property? **No. Well, I live at the property with my family.**
6. 3 cube service trucks and 3 pick up trucks are noted. What type of excavation equipment is involved with operations? **Tracked Deere 180 excavator and mini excavator. The 180 spends 90% of the year away as it is just hauled from job to job. It rarely ever is at the yard.** How is excavation equipment transported to and from this property? **Hauled with a 3rd party lowboy, or using our gravel truck and trailer. Most of the year the excavators are just hauled from job to job (not going to my property). The mini excavator does come to the yard more often, it is small. It will either be in the shop or else behind the screening when at the yard.** Are there any other vehicles and/or trailers that attend this property, or that are stored on the property for business purposes? **Three trailers.**

7. The County's Land Use Bylaw defines business visits as: *BUSINESS VISITS means round trips to and from the property by individuals for the purpose of doing business on the property of a home based business.* What is the maximum number of Business Visits that might occur on any given day? *5 not including owner  
6 employee visits  
"10 would be alot"*

I encourage you to let me know of any questions that you may have.

Hi Brenda-  
I'm sorry for the delay!

The existing warm storage is 22'x16' = 352 sq ft.  
The existing fuel shed is 23'x14' = 322 sq ft.  
New shop 60'x40' = 2400 sq ft.

-----  
Total: 3074 sq ft. Allowable 3075 sq ft.

Hello Brenda!

Here is our revised application documentation for our Type III application.

I have reduced the new proposed shop to 2400 sq ft (not 3000).

Please call if you have any questions.

**Subject:** Re: Foothills application for development permit 23D 190  
**Attachments:** Seacan location and photos.pdf

Hello Brenda-

Thank you for your assistance with this. Please see the attached revised photo with the proposed sea can location. We would put up a temp fence to hide it from the road, similar to the fence proposed for the proposed new shop. It would extend from the ne corner of the sea can, running 25' north. This would hide the activities at the sea can, when trucks are loading etc.

The sea can would be placed where it is proposed (east edge would be 100' west of the centre of 48th street) because due to the land sloping (especially difficult for access in winter) and trees, and construction of the new shop it can't be further east from the road / east property line. So therefore this would require a 25% relaxation of the setback from the road center and property line (48 st east).

Why this temporary sea can is required...

Currently I use the existing horse barn/shop to store work related and personal items. In order to have the new shop built, this old horse barn/old shop needs to be torn down first (new shop being built on the same location as the horse barn/old shop). I would like to move the items from the horse barn/old shop to the sea can temporarily so that we can continue to function, while the new shop is constructed. The sea can would only be on the property for 6 months, until the new shop is built and we can move the sea can items into it.

THIS ENVIRONMENTAL RESERVE EASEMENT dated this 5 day of  
July, 2010.

**BETWEEN:**

**Gerald Roe**  
of the Municipal District of Foothills No. 31, in the  
Province of Alberta (hereinafter called the  
"Grantor")

-and-

**The Municipal District of Foothills No. 31**  
with its office in the Town of High River in the  
Province of Alberta (hereinafter called the "Grantee")

**WHEREAS** the Grantor is the Registered Owner of an estate in fee simple of those lands situated in the Municipal District of Foothills No. 31, in the Province of Alberta, more particularly known and described as

*Lot 5 and 6 Block 2 Plan 101 3059*,  
excepting thereout all mines and minerals, (hereinafter called the "Lands");

**AND WHEREAS** the Grantor has applied for and obtained subdivision approval from the Grantee to create the Lands;

**AND WHEREAS** the Grantor and the Grantee have agreed that rather than a portion of the Lands being taken for Environmental Reserve, the Grantor will grant to the Grantee an Environmental Reserve Easement over a portion of the Lands;

**AND WHEREAS** the Grantor wishes to grant an Environmental Reserve Easement in favor of the Grantee, through and over that portion of the Lands which are described on Environmental Right of Way Plan 101 3060, (hereinafter called the "Environmental Reserve Easement Lands").

**IN CONSIDERATION** of the subdivision approval in relation to the Lands and in consideration of the sum of one dollar (\$1.00) and in consideration of the covenants and conditions contained herein and other good and valuable consideration passing between the Grantee and the Grantor, the sufficiency and receipt of which is acknowledged by the Grantor; the Grantor, grants, conveys and releases to the Grantee and to any successor or assign of the Grantee, instead of an Environmental Reserve, an Environmental Reserve Easement running with the Lands:

AS TO PLAN 1

1. In this Environmental Reserve Easement:

a. "Lands" means those lands legally described as follows:

***Lot 5 and 6 Block 2 Plan 101 3059***,

b. "Environmental Reserve Easement Lands" means that portion of the Lands which is described on Environmental Right of Way Plan ***101 3060***, which is attached as Appendix A to this Agreement and which lands are subject to the Environmental Reserve Easement running with the Lands, in accordance with the requirements of the Municipal Government Act and the terms and conditions herein.

2. The Grantor shall maintain the Environmental Reserve Easement Lands in their natural state as if they were owned by the Grantee, except that:

a. the Grantor may remove some trees within the Environmental Reserve Easement Lands contained within the 15 metre panhandle in order to facilitate construction of a driveway;

b. the Grantor may excavate one dugout within the Environmental Reserve Easement Lands to a maximum dimension of 10 metres by 20 metres for stock or tree watering.

3. The Grantor, except as specifically provided otherwise in this agreement, shall not:

a. disturb, cause anyone to disturb, nor allow anyone to disturb, the natural vegetation within the Environmental Reserve Easement Lands;

b. undertake any development, cause anyone to undertake any development nor allow anyone to undertake any development within the Environmental Reserve Easement Lands;

c. build, erect or maintain, cause anyone to build, erect or maintain nor allow anyone to build, erect or maintain any building, structure or improvement upon the Environmental Reserve Easement Lands;

d. excavate or cultivate, or allow anyone to excavate or cultivate the Environmental Reserve Easement Lands;

e. make any alterations to the Environmental Reserve Easement Lands that will affect, reroute or disturb the Natural Drainage or any Man Made Drainage system which has been approved by the Municipal District of Foothills No. 31;

- f. use, cause anyone to use, nor allow anyone to use, motorized vehicles or equipment of any kind within the Environmental Reserve Easement Lands;
- 4. Within the Environmental Reserve Easement Lands, the Grantor shall;
  - a. have use of the Environmental Reserve Easement Lands, along with their tenants, servants, agents, guests and invitees and such persons shall have the full and free right and liberty to pass and repass on the Environmental Reserve Easement Lands on foot or horseback.
  - b. allow overland stormwater drainage along Natural Drainage routes or Man Made Drainage systems which have been approved by the Municipal District of Foothills No. 31;
  - c. be permitted to utilize the Environmental Reserve Easement Lands for agricultural purposes such as livestock watering and grazing, provided the Environmental Reserve Easement Lands are not over-grazed in accordance with commonly accepted, good range management practices.
- 5. Nothing in this Environmental Reserve Easement shall be construed as requiring or allowing access by the general public to the Environmental Reserve Easement Lands.
- 6. The benefit of the Environmental Reserve Easement as set out shall be annexed to and run with the Lands and the burden of the Environmental Reserve Easement herein contained shall be annexed to and bind the Lands and every part thereof.
- 7. Any provision of this Environmental Reserve Easement made void or rendered invalid shall not invalidate or render unenforceable the remaining provisions of this Environmental Reserve Easement.
- 8. It is understood and agreed by the Grantor that the Grantee, in addition to any other rights of enforcement it may have at law or in equity, has the right to enforce the provisions of this Environmental Reserve Easement, with respect to any other breach of the obligations herein imposed, including but not limited to applying to a Court of competent jurisdiction to restrict any such breach by injunction.
- 9. All of the covenants, conditions, restrictions and terms of the Environmental Reserve Easement herein placed upon the Environmental Reserve Easement Lands shall be covenants running with the Lands and shall be binding upon the Grantor and its assigns and successors in the title and upon all subsequent owners of the Lands and shall endure to the benefit of the Grantee.

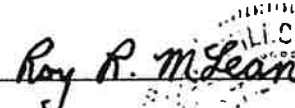

10. The Grantor shall at all times hereafter indemnify and keep the Grantee indemnified against all actions, claims and demands that may be lawfully brought or made against the Grantor by reason of anything done or omitted to be done by the Grantor in relation to the Environmental Reserve Easement Lands or in relation to anything done or omitted to be done by the Grantor in pursuance or purported pursuance of this Environmental Reserve Easement.
11. The Grantee is not responsible for the maintenance of the Environmental Reserve Easement Lands and shall not be responsible for any loss or injury or any other matter arising from the use of the Environmental Reserve Easement Lands.
12. This Environmental Reserve Easement shall be registered by way of caveat against the titles to the Lands at the Southern Alberta Land Titles Office.

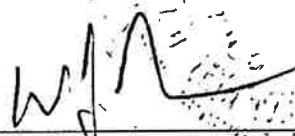

IN WITNESS WHEREOF the parties have executed this Environmental Reserve Easement on the day and year first above written.

Brenda,

Going to a type III business will require a 2<sup>nd</sup> address. Please add the post approval condition of updating their address and signage and ensure the applicant it aware of it.  
If approved, please notify me.

Thanks,

Rob

The above-noted development permit application has been approved subject to conditions (copy attached) and subject to a 21-day appeal period. The Development Permit may be signed and issued upon completion of the 21-day appeal period; should no appeals be received, and completion of all Pre-Release Conditions (if any).

The County will advertise the approval of this development permit application in two issues of the Western Wheel and circulate to area landowners (according to County records at this time) within the subject quarter section and for one half mile surrounding the subject property. Notices for Development Permit Decisions are also posted on the County website, [www.foothillscountyab.ca](http://www.foothillscountyab.ca).

Pursuant to Section 685(2) of the Municipal Government Act, a person affected by this decision has a right of appeal. Notices of Appeal, including payment of the appeal fee are to be received **no later than November 23, 2023**. Notices of Appeal received after the 21-day notification period will be invalid. If you choose to submit an appeal, please use the enclosed 'Notice of Development Appeal' form. We will notify you if we receive appeals from other persons.

The appeal fee will be returned 2 to 3 weeks after the appeal hearing, if there is record that the appellant or someone authorized to act on behalf of the appellant was in attendance at the time of the scheduled appeal hearing.

Should you have any questions, concerns, or require clarification on the appeal process, please contact the undersigned.

**NOTE: APPEAL SUBMISSION REQUIREMENTS ARE OUTLINED ON THE ENCLOSED**

Dear Sir/Madam:

TAKE NOTICE that, in accordance with Land Use Bylaw No. 60/2014, a Development Permit application has been approved subject to conditions (attached) and a 21-day appeal period, for a parcel of land that is located within one half mile of your property. The details of the Development Permit application are as follows:

<b>Development Permit Application File#:</b>	<b>23D 190</b>
<b>Legal Description:</b>	<b>Ptn. NE 22-21-29 W4M; Plan 1013059, Block 2, Lot 5</b>
<b>Approval Description:</b>	<b>Home Based Business Type III</b>
<b>Applicant/Owner</b>	<b>Titan Water Systems (Applicant) / Peter T. Niemans (Owner)</b>
<b>Location:</b>	<b>Located on the west side of 48 Street East, approximately 400 m to the south of Highway # 552.</b>

Pursuant to Section 685(2) of the Municipal Government Act, a person affected by this decision has a right of appeal. Notices of Appeal, including payment of the appeal fee are to be filed with the Subdivision and Development Appeal Board within 21 days from the date of the development permit decision (attached). Notices of Appeal and payment of the appeal fee are to be received **no later than November 23, 2023**. Notices of Appeal received after the 21-day notification period will be invalid.

You should not rely on Notices of Appeal filed by other persons as giving you the right to be heard at an appeal hearing, as only the appellant, applicant or authorized representative of either party is guaranteed the opportunity to be heard at an appeal hearing. If you choose to submit an appeal, please complete the enclosed 'Notice of Development Appeal' form and return to the County by email at [appeals@FoothillsCountyAB.ca](mailto:appeals@FoothillsCountyAB.ca) or by fax at 403-652-7880.

The appeal fee will be returned 2 to 3 weeks after the appeal hearing if there is record that the appellant or someone authorized to act on behalf of the appellant was in attendance at the time of the scheduled appeal hearing.

Should you have any questions, concerns, or require clarification on the appeal process, please contact the undersigned.

**Subject:** Foothills application for development permit - Home Based Business Type III  
**Attachments:** Credit Card Authorization.pdf

Hi Troy,

I have been assigned as file manager for your development permit application for a type III home-based business.

In order for me to consider the application as complete, please respond to the following:

1. The fees for an application total \$500.00. The credit card authorization submitted shows \$100.00. I have attached a new Credit Card Authorization form that can be submitted with the revised payment amount.
2. To clear up some confusion respecting the application form, please confirm that the property is located in the NE quarter of 22-21-29 W4M and that you are the owner (Peter T. Niemans).
3. What days do operations occur? Do any business activities occur outside of the 8am-4pm hours of operation?
4. Please provide a picture/example of the screening fence that is proposed to be used to screen parking areas and garbage/recycling bins.
5. Identify the proposed location of garbage/recycling bins on the site plan.
6. What type and volume of fuel is to be stored on the property? Show the location of the shed and provide details respecting it's size.
7. It appears that there may be additional buildings (sheds) on the property. It is necessary to identify the location of these buildings on the site plan and note their size.
8. The application identifies 6 employees. Are any of these noted employees resident to the property?
9. 3 cube service trucks and 3 pick up trucks are noted. What type of excavation equipment is involved with operations? How is excavation equipment transported to and from this property? Are there any other vehicles and/or trailers that attend this property, or that are stored on the property for business purposes? The site plan denotes a possible 2<sup>nd</sup> fenced parking area if needed. Please explain why this may be required.
10. The County's Land Use Bylaw defines business visits as: *BUSINESS VISITS means round trips to and from the property by individuals for the purpose of doing business on the property of a home based business.* What is the maximum number of Business Visits that might occur on any given day?

I encourage you to let me know of any questions that you may have.

## DEVELOPMENT OFFICER DECISION

December 20, 2017

PREVIOUS APPROVAL

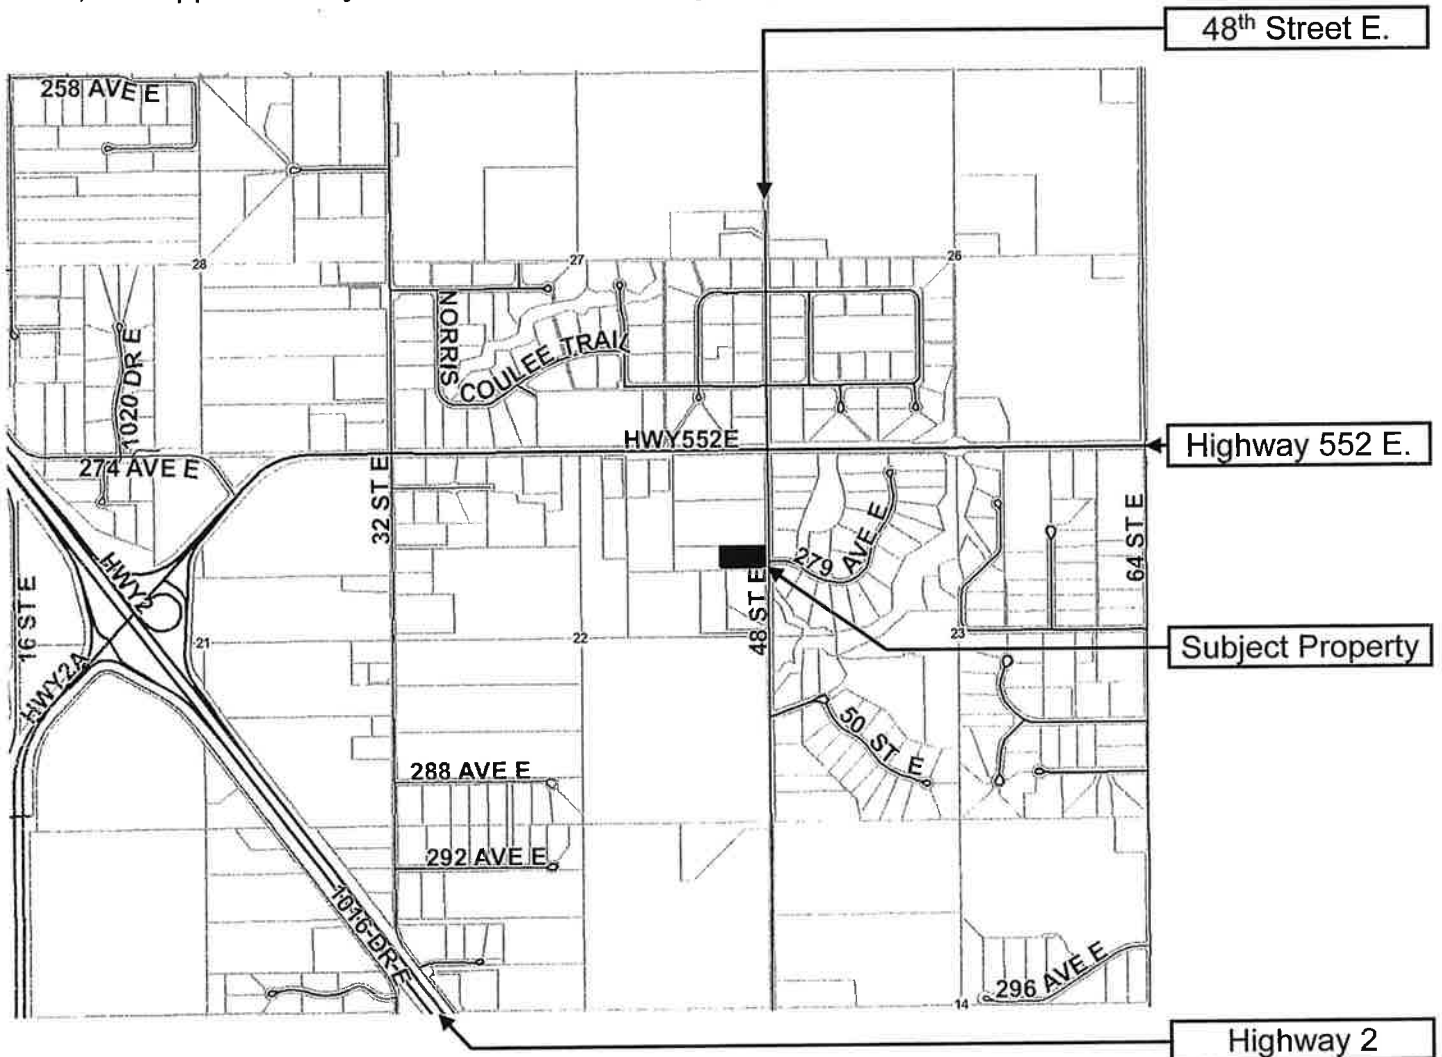

**DEVELOPMENT PERMIT APPLICATION:** 17D 257

**LANDOWNER / APPLICANT:** PETER TROY NIEMANS

**DESCRIPTION:** MINOR HOME OCCUPATION FOR WATER SYSTEMS BUSINESS

**LEGAL DESCRIPTION:** PLAN 1013059, BLOCK 2, LOT 5; PTN. OF NE 22-21-29 W4M

The subject property is a 4.4 acre Country Residential parcel located on the west side of 48<sup>th</sup> Street West, and approximately 450 meters south of Highway 552 East.

The landowner has made application for a Minor Home Occupation to allow for a Water Service Business on the subject property. The applicant has stated that no clients would attend the subject property and that on site operations would consist of the storage of business equipment including a cube truck and two pickup trucks and trailers. One non-resident employee is proposed to arrive at the property and equipment would leave the property during the day and return for storage in the evening.

No additional structures are proposed in this application and all materials must be stored within existing accessory buildings or the dwelling.

A Minor Home Occupation is a discretionary use within the Country Residential Land Use District, therefore must be considered by the Development Authority. A Minor Home Occupation does not allow for the outdoor storage of business related materials.

The Development Officer **Approved** Development Permit Application 17D 257 for a Minor Home Occupation, on Plan 1013059, Block 2, Lot 5; Portion of NE 22-21-29 W4M, subject to the following conditions:

### **CONDITIONS:**

1. This permit is approving a Minor Home Occupation for the purpose of a Water Service Business, as proposed, to operate from the subject property;
2. All business related materials must be stored within an enclosed trailer and/or within the existing accessory buildings, and/or the dwelling on the subject property. Absolutely no outdoor storage of business related materials are permitted under a Minor Home Occupation Permit;

3. As identified under section 10.12 of the current Land Use Bylaw, Outdoor storage of any vehicles, equipment, trailers, or parts thereof, related to the business, is limited to a maximum of three (3) units on a property of this size, provided the units are not generally visible from a public road or adjacent property;
4. Outdoor parking of business related vehicles, equipment, trailers, or parts thereof shall be located to ensure sufficient screening from all neighbouring lands and roadways. It is the landowner's responsibility to maintain sufficient screening of outdoor parking areas on the subject property;
5. The applicant must obtain an annual Business License from the M.D. of Foothills No. 31, failure to obtain a Business License will result in the permit being considered null and void;
6. The landowner must meet all requirements of the Alberta Health Region, including that all waste materials to be disposed of at an approved waste disposal site. There shall be no long term storage of waste materials on the property, nor burning of waste materials on the property, without proper approvals from the Municipal Fire Department;
7. No topsoil shall be hauled off the subject lands. It is the responsibility of the landowner to ensure that natural drainage on the parcel is maintained. Any alteration to the flow of surface water is to proceed only under approval by means of a lot grading permit;
8. All on site operations, including the loading and unloading of materials or equipment, shall be wholly contained within the boundaries of the legally titled lot;
9. It is the landowner's responsibility to ensure access and internal laneways are kept clear at all times, in order to ensure circulation for the purposes of emergency response;
10. It is the responsibility of the landowner to ensure that all road bans issued for any roadways are adhered to at all times. Should business related traffic to any property exceed six (6) vehicle units on any given day, the applicant shall enter into a Road Use Agreement with the Municipality. Failure to comply with this condition at any point in time will be cause for this permit to be revoked;
11. A maximum of four (4) business related visits are permitted on any given day;
12. The number of non-resident employees working on-site shall not exceed one (1) at any given time;
13. As per the definition of a Home Based Business, one or more residents of the parcel must be involved in the occupation or business, or else this decision will be considered null and void;
14. No offensive noise, vibration, smoke, dust, odor, heat, glare, electrical, or radio disturbance detectable beyond the boundary of the lot to be produced by the business or business related vehicles;
15. One sign, meeting the criteria of Table 10.12A of the Land Use Bylaw, is permitted. Any signage exceeding this criteria must be approved under separate application for Development Permit;
16. It is the landowner's responsibility to adhere to all applicable regulations and restrictions within the Community Standards Bylaw;
17. Any new installation(s) of exterior lighting must adhere to the guidelines and technical specifications as outlined within the M.D. of Foothills Dark Sky Bylaw;
18. The issuance of a permit from the Municipality does not relieve the landowner of the responsibility of complying with all relevant municipal bylaws and requirements, nor excuse violation of any provincial or federal regulation or act which may affect use of the land;
19. The landowner shall be responsible for payment of any professional costs including legal fees that may be incurred by the Municipal District with respect to the development approved on this permit.

**Note:** Approval of this permit will be advertised in two issues of the Western Wheel and circulated via letters to landowners (according to Municipal Records at this time) within the subject quarter section and for one-half mile surrounding.
