Hi Rob,

Good chatting with you yesterday.

As discussed, I am now in charge of all my mother's affairs and have power of attorney for her. My wife and I are still getting a few things like this, slipping through the cracks as we attempt to have all of her billing and affairs sent to my home address, as she is now in a care facility in Calgary. I know the postal strike also did play a part in this being missed. We have corrected the situation for future and signed up online. We would kindly ask that town council waive the late payments assessed to my mother for both of her quarters, in the amount of \$1,520.02. I believe that my mother (and late father) have never missed a tax payment in the 45 years that they have owned their farm.

I appreciate you looking at this situation.
