

MISCELLANEOUS MUNICIPAL ITEM  
REPORT TO COUNCIL  
March 12, 2025

<b>DEPARTMENT: Public Works</b>	
	<b>TOPIC: 2025 Spring Road Bans</b>
<b>REPORT PREPARED BY:</b> Wiaan Kruger <b>REPORT PRESENTED BY:</b> Bruce Weberg	

**PURPOSE OF REQUEST**

Council to review the proposed Spring 2025 Road Bans.

**BACKGROUND**

With the warmer conditions and spring approaching, the frost has started to leave the ground. Spring road bans are put in place to protect the roads from damage caused by heavy vehicles during the spring thaw when the ground is soft. The spring bans reduce the maximum allowable weight on trucks and trailers to minimize the need for costly repairs during this period.

**REQUEST OF COUNCIL**

*Proposed Motion:*

*That Council move that the Reeve and Chief Administrative Officer or designate be authorized to sign Vehicle Weight Order No. 241/2025 and that this Order become effective at 10:00a.m. Thursday, March 13, 2025.*
