

<b>DEPARTMENT:</b> Emergency Management	
	<b>TOPIC:</b> Request for Dispersal of Vehicle for Auction
<b>REPORT PREPARED BY:</b> Emergency Management Coordinator/DEM Mike Pearl <b>REPORT PRESENTED BY:</b> Emergency Management Coordinator/DEM Mike Pearl	

#### PURPOSE OF REQUEST

For Council to consider the request for dispersal of a decommissioned Emergency Management vehicle.

#### BACKGROUND

The vehicle proposed to be sent to auction has reached its end of life due to age and mileage. This vehicle was a previously decommissioned fire department squad unit, repurposed to carry out duties at the Emergency Stockpile. An opportunity arose to transition into a decommissioned enforcement vehicle that was slated for auction; which is newer, has fewer km, and is more fuel efficient.

*Unit for dispersal:* **E32-759:** 2004 Ford Excursion V-10 with approx. 310,000 km

*Unit repurposed to Emergency Management from Enforcement:* **E32-791** 2014 Chevy Tahoe

#### REQUEST OF COUNCIL

*Proposed Motion:*

*That council authorize administration to proceed with the dispersal of E32-759 at an upcoming auction.*

#### APPENDICES

None
